PERSONAL STATEMENT

Having graduated with a degree in Business Administration and subsequently gained five years of valuable experience in the banking sector, I decided to pursue my passion for programming. This led me to enroll in a coding bootcamp where I immersed myself in front-end web development. What truly excites me about programming is the inherent problem-solving aspect. I love the feeling of finally figuring out a solution to a problem. My core stack is React and Next.js. I've cultivated proficiency in a range of technologies, including TypeScript and Prisma, and I'm constantly seeking opportunities to expand my toolkit.

CORE QUALIFICATIONS

- HTML
- CSS
- JAVASCRIPT
- TYPESCRIPT
- TAILWIND CSS
- REACT (NEXT.JS)
- REDUX
- NODEJS
- FRAMER MOTION
- GIT
- GITHUB
- SHADCN
- MUI
- PRISMA
- ZUSTAND
- REACT QUERY
- FORMIK
- I18NEXT
- REACT FORM
- ZOD

WORK EXPERIENCE

Frontend Web Developer

11/2023 - Current

- **eCommerce-Store:** Developed a full-stack eCommerce application with Next.js, Prisma, Supabase, and a comprehensive dashboard.
- **LinkedIn-Clone V1:** Created a LinkedIn clone using React and Vite, featuring user profiles, posts, likes, and comments.
- **Next Auth V5:** Implemented advanced authentication in Next.js with Next Auth v5, covering user roles, OAuth, email verification, password reset, and protected routes using TypeScript, Tailwind, SHADCN, Prisma, and Credentials Provider.
- **Movies App:** Built a movie application during Vodo internship with Next.js, TypeScript, and Redux Toolkit, featuring movie search, details, pagination, and responsive design using SCR API.
- Udemy : React js – Hooks – Redux – State – Router- Context

Banker | Banque Misr

04/2018 - 09/2023
